## VOLUME 37—JANUARY TO DECEMBER, 1956

| *Issue* | *Pages* |
|---|---|
| JANUARY | 1- 64 |
| FEBRUARY | 65-152 |
| MARCH | 153-216 |
| APRIL | 217-296 |
| MAY | 297-376 |
| JUNE | 377-448 |
| JULY | 449-512 |
| AUGUST | 513-584 |
| SEPTEMBER | 585-640 |
| OCTOBER | 641-720 |
| NOVEMBER | 721-784 |
| DECEMBER | 785-848 |

### A

AGRICULTURAL ENGINEERING (Agricultural Engineers)
Management engineering in agriculture ... 747

**Ahrens, M. C.**
Cooling and freezing pan-ready turkeys ... 33

**Allred, Evan R.**
Planning pump drainage outlets ... 38

**Ashton, J. T.**
Corn picker features new principle ... 93

### B

**Barnes, Kenneth K.**
A runoff sampler for large watersheds ... 813

**Bartelli, L. J.**
A method of forecasting soil loss ... 335

**Beardsley, D. W.**
Portable milking parlor goes to cows ... 36

**Berousek, E. R.**
Hot weather shelters for dairy cows ... 98

**Blaisdell, F. W.**
Energy losses at draintile junctions ... 249
Hood inlet for closed conduit spillways ... 670

**Blevins, F. Z.**
Analysis of forage harvester design ... 21

**Bonnicksen, L. W.**
Multicombination farm building design ... 545

**Borden, J. W.**
Land smoothing for improved drainage ... 401

**Bornstein, Joseph**
Design of a flood-retarding structure 609

**Bouyoucos, George J.**
Improved soil moisture meter ... 261

**Boving, P. A.**
Non-circular orifices for sprinkler irrigation ... 27

Breather bag for CA fruit-vegetable storages ... 476

**Brooker, D. B.**
Design of above-ground horizontal silos ... 325

**Brunig, M. P.**
Heating drinking water for livestock 411

### C

**Campbell, L. E.**
Efficiency factors in electric fence operation ... 184

**Carleton, W. M.**
Weed control in the row ... 550
Wear tests of plowshare materials ... 816

**Carter, Deane G.**
Factory-built farm buildings ... 258

Celery harvesting-packing combine, Mobile saves labor; speeds operation ... 755

Chain developments, Recent agricultural 613

**Chepil, W. S.**
Implements for wind erosion control 751

Closed conduit spillways, Hood inlet for ... 670

**Clyde, A. W.**
Disk harrow design improvements ... 173

Combine, Controls for full-leveling hillside ... 245

Combine, The self-propelled hillside ... 182

Compaction patterns of smooth rubber tires ... 677

CONSERVATION, Soil and Water (See also Drainage, Erosion Control, Hydrology, Irrigation, Soils, Water Resources)
Rainfall-runoff relations on wheatland ... 117
Time study of parallel terraces ... 342
Design of a flood-retarding structure 609

Corn picker features new principle ... 93

**Cowan, Woody L.**
Estimating hydraulic roughness coefficients ... 473

**Cox, Maurice B.**
Rainfall-runoff relations on wheatland ... 117

**Criddle, Wayne D.**
Design of subirrigation systems ... 103

### D

**DeForest, S. S.**
The challenge in farm materials handling ... 540

**DeVries, L. L.**
Tile-trenching machine performance 469

Disk harrow design improvements ... 173

Disks and soil relationships, The geometry of ... 808

**Donnelly, Charles A.**
Hood inlet for closed conduit spillways ... 670

Draft measurement for tillage tools ... 605

DRAINAGE, Land
Tile flow characteristics ... 30
Planning pump drainage outlets ... 38
Energy losses at draintile junctions ... 249
A method of forecasting soil loss ... 335
Land smoothing for improved drainage ... 401
Tile-trenching machine performance ... 469

Draintile junctions, Energy losses ... 249

Drop-inlet spillway, Flow regimes of a 177

DRYING—Driers
Preventing crop losses by drying ... 414

### E

Efficiency studies, An approach to ... 482

Electric fence operation, Efficiency factors in ... 184

Energy studies, Instrument records heart rate for ... 618

**Erickson, Earl**
Draft measurement for tillage tools ... 605

EROSION CONTROL, Soil (See also Soils)
A method of forecasting soil loss ... 335
Time study of parallel terraces ... 342
Implements for wind erosion control 751

**Esmay, M. L.**
Design of above-ground horizontal silos ... 325

### F

Fence operation, Efficiency factors in electric ... 184

Fertilizer pump, Multiple-discharge ... 537

Flood-retarding structure, Design of a ... 609

Forage harvester design, Analysis of ... 21

**Fox, Roy L.**
Design of subirrigation systems ... 103

**Frevert, R. K.**
Tile-trenching machine performance 469

Fruit-vegetable storages, Breather bag for CA ... 476

## G

**Gantt, Jr., Charles W.**
Multiple-discharge fertilizer pump ... 537

**Garbin, Albert J.**
V-belt drive design improved ... 478

**Garton, James E.**
Determining irrigation system capacity ... 543

**Gill, William R.**
Compaction patterns of smooth rubber tires ... 677

**Goins, Truman**
Tile flow characteristics ... 30

Greases, Modern farm machines need modern ... 41

**Groves, R. J.**
Corn picker features new principle ... 93

Grinding methods, Cattle neutral on feed ... 544

## H

**Haack, Max**
Human tolerance to vibrations in farm machines ... 253

**Hall, Carl W.**
Preventing crop losses by drying ... 414
Agricultural product preparation ... 610

**Hall, W. A.**
Non-circular orifices for sprinkler irrigation ... 27
Estimating irrigation border flow ... 27

**Hanks, R. J.**
Soil penetrometer employs strain gages ... 553
(Correction) ... 669

**Hansen, H. J.**
Analysis of forage harvester design ... 21

**Harkness, K. A.**
Soil penetrometer employee strain gages ... 553
(Correction) ... 669

**Hartsock, J. G.**
Efficiency factors in electric fence operation ... 184

**Harvey, D. J.**
Wear tests of plowshare materials ... 816

**Hauser, V. L.**
Split wood joints ... 479

Heating drinking water for livestock ... 411

**Heitshu, D. C.**
The self-propelled hillside combine ... 182

Helicopter spraying ... 29

Hood inlet for closed conduit spillways 670

**Hopkins, R. Bruce**
Effect of potato digger design on tuber injury ... 109

Hot weather shelters for dairy cows ... 98

**Huff, F. A.**
Standard versus small-orifice rain-gages ... 108

Hydraulic roughness coefficients, Estimating ... 473

HYDROLOGY
Estimating hydraulic roughness coefficients ... 473
A runoff sampler for large watersheds 813

## I

INSTRUMENTATION AND CONTROLS
Continuous-recording wet-bulb apparatus ... 488
Soil penetrometer employs strain gages ... 553
(Correction) ... 669
Wear tests of plowshare materials ... 816

IRRIGATION
Non-circular orifices for sprinkler irrigation ... 27
Design of subirrigation systems ... 103
Prefabricated linings for irrigation ditches ... 113
Irrigation scheduling guide ... 180
Improved soil moisture meter ... 261
Estimating irrigation border flow ... 263
Land reclamation progress in Iraq ... 334
Determining irrigation system capacity ... 543

## J

**Johnson, H. P.**
A runoff sampler for large watersheds ... 813

## K

**Kidder, R. W.**
Portable milking parlor goes to cows 36

**Kinch, D. M.**
Weed control in the row ... 550

**Kleis, R. W.**
Cattle neutral on feed grinding methods ... 544

## L

Land smoothing for improved drainage 401

**Larson, Curtis L.**
Planning pump drainage outlets ... 38

**Laughnan, D. F.**
Red iron oxide barn paint ... 188

**Levin, Jordan H.**
Agricultural product preparation ... 610

Lightning protection, Linking metal parts for ... 746

**Liljedahl, J. B.**
Weed control in the row ... 550

Linear programming—A tool in engineering ... 416

## Mc

**McClelland, J. H.**
Instrument for measuring soil condition ... 480

**McColly, H. F.**
Draft measurement for tillage tools ... 605

**McCreery, W. F.**
The geometry of the disks and soil relationships ... 808

**McKibben, J. S.**
Design of above-ground horizontal silos ... 325

## M

MACHINERY, Farm
(See also Tractors)
Analysis of forage harvester design ... 21
Helicopter spraying ... 29
Modern farm machines need modern greases ... 41
Corn picker features new principle ... 93
Effect of potato digger design on tuber injury ... 109
Disk harrow design improvements ... 173
The self-propelled hillside combine ... 182
Controls for full-leveling hillside combine ... 245
Human tolerance to vibrations in machines ... 253
New experimental techniques accelerate farm equipment design development ... 321
Mechanizing flue-cured tobacco harvest ... 407
Tile-trenching machine performance 469
V-belt drive design improved ... 478
Instrument for measuring soil condition ... 480
Multiple-discharge fertilizer pump ... 537
The challenge in farm materials handling ... 540
Cattle neutral on feed grinding methods ... 544
Weed control in the row ... 550
Draft measurement for tillage tools ... 605
Recent agricultural chain developments ... 613
Instrument records heart rate for energy studies ... 618
Compaction patterns of smooth rubber tires ... 677
Implements for wind erosion control 751
Mobile celery harvesting-packing combine saves labor; speeds operation ... 755
Agricultural V-belt development ... 805
The geometry of disks and soil relationships ... 808
Development of a sugar-cane harvester ... 821

**Mahoney, W. A.**
Hot weather shelters for dairy cows ... 98

Management engineering in agriculture 747

**Manson, P. W.**
Energy losses at draintile junctions.... 249

**Marr, Leonard B.**
Modified stadia slide rule speeds elevation calculations ..... 112

Materials handling, The challenge in farm ..... 540

**Matson, W. E.**
Cooling and freezing pan-ready turkeys ..... 33

Max Eyth Medal Award in America, First ..... 493

MEDALISTS, The 1956 ASAE Gold
Cyrus Hall McCormick Medals:
Harris Pearson Smith
Martin Ronning
The John Deere Medal
Arthur W. Clyde
Max Eyth Medal Award
Raymond Olney

Milking parlor goes to cows, Portable... 36

**Miller, R. J.**
New experimental techniques accelerate farm equipment design development ..... 321

**Mohsenin, Nuri**
Wear tests of plowshare materials.... 816

Moisture, Simplified procedure for sampling soil ..... 676

**Mowry, G. R.**
Efficiency factors in electric operation ..... 184

## N

NECROLOGY
Stanley D. Russell ..... 122
W. H. Harstick ..... 350
Herbert H. Gee ..... 426
Bernard L. Hagglund ..... 498
A. M. Goodman ..... 498
Arnold P. Yerkes ..... 624
Peter T. Montfort ..... 624
L. H. Smith ..... 692
Reed M. Syler ..... 692
Frank J. Stablein ..... 768
Frederick A. Wirt ..... 827
Earl G. Welch ..... 827

**Nelson, G. L.**
Hot weather shelters for dairy cows 98
Flow regimes of a drop-inlet spillway ..... 177

**Neubauer, L. W.**
Split wood joints ..... 479

**Neumann, A. L.**
Cattle neutral on feed grinding methods ..... 544

**Nichols, M. L.**
The geometry of disks and soil relationships ..... 808

## O

**O'Donnell, J. F.**
Corn picker features new principle.... 93

Orifices for sprinkler irrigation, Non-circular ..... 27

## P

Paint, Red iron oxide barn..... 188

**Painter, R. H.**
Direction control in deep-well drilling 548

**Paul, E. A.**
Recent agricultural chain developments ..... 613

Penetrometer employs strain gages, Soil ..... 553
(Correction) ..... 669

**Pflug, I. J.**
Breather bag for CA fruit-vegetable storages ..... 476

**Phelan, John T.**
Design of subirrigation systems..... 103

**Pinches, Harold E.**
Management engineering in agriculture ..... 747

Plastic films in farm applications..... 741

Plastic Silos ..... 413

Plowshare materials, Wear tests of..... 816

**Pool, S. D.**
Controls for full-leveling hillside combine ..... 245

Potato digger design on tuber injury, Effect of ..... 109

**Powers, W. L.**
Land reclamation progress in Iraq .... 334

Prefabricated linings for irrigation ditches ..... 113

PROCESSING, Agricultural
Agricultural product preparation ..... 610

Product preparation, Agricultural ..... 610

**Pruitt, W. O.**
Irrigation scheduling guide ..... 180

Pump drainage outlets, Planning..... 38

## R

Rainfall-runoff relations on wheatland... 117

Raingages, Standard versus small-orifice ..... 108

**Ramp, R. M.**
Development of a sugar-cane harvester ..... 821

**Randolph, J. W.**
Portable milking parlor goes to cows 36
Mobile celery harvesting-packing combine saves labor; speeds operation ..... 755

**Reaves, Carl A.**
Compaction patterns of smooth rubber tires ..... 677

Reclamation progress in Iraq, Land..... 334

Red iron oxide barn paint..... 188

REFRIGERATION
Cooling and freezing pan-ready turkeys ..... 33

**Richey, C. B.**
Corn picker features new principle.... 93

**Rowe, Alan J.**
Linear programming — a tool in engineering ..... 416

Runoff sampler for large watersheds, A 813

## S

**Sacks, Hans**
Longitudinal stability of tractors..... 328

**Saul, Robert A.**
Continuous-recording wet-bulb apparatus ..... 488

**Schwab, G. O.**
Tile-trenching machine performance... 469

**Scott, V. H.**
Prefabricated linings for irrigation ditches ..... 113

Seating comfort, Evaluating tractor..... 673

Shelters for dairy cows, Hot weather.... 98

Silos, Design of above-ground horizontal ..... 325

Slide rule speeds elevation calculations, Modified stadia ..... 112

**Slipher, John A.**
Soil preparation for meadow crops.... 681

**Smith, Dwight D.**
Time study of parallel terraces..... 342

Soil moisture meter, Improved..... 261

Soil preparation for meadow crops..... 681

SOILS (See also Erosion Control, Conservation)
A method of forecasting soil loss..... 335
Instrument for measuring soil condition ..... 480
Soil penetrometer employs strain gages ..... 553
(Correction) ..... 669
Simplified procedure for sampling soil moisture ..... 676
The geometry of disks and soil relationships ..... 808

Spillway, Flow regimes of a drop-inlet... 177

Spillways, Hood inlet for closed conduit 670

**Splinter, W. E.**
Instrument records heart rate for energy studies ..... 618

Split wood joints ..... 479

Stability of tractors, Longitudinal..... 328

**Stadelman, W. J.**
Cooling and freezing pan-ready turkeys ..... 33

**Staff, C. E.**
Plastic films in farm applications..... 741

Strain gages, Soil penetrometer employs 553
(Correction) ..... 669

STRUCTURES, Farm
Portable milking parlor goes to cows 36
Hot weather shelters for dairy cows 98
Red iron oxide barn paint 188
Factory-built farm buildings 258
Design of above-ground horizontal silos 325
Heating drinking water for livestock 411
Plastic silos 413
Breather bag for CA fruit-vegetable storages 476
Split wood joints 479
The challenge in farm materials handling 540
Multicombination farm building design 545
Plastic films in farm applications 741
Subirrigation systems, Design of 103
Sugar-cane harvester, Development of a 821
**Suggs, C. W.**
Instrument records heat rate for energy studies 618

## T

**Telischi, Baba**
Draft measurement for tillage tools 605
Terraces, Time study of parallel 342
**Thuerman, J. H.**
Recent agricultural chain developments 613
Tile flow characteristics 30
Tile-trenching machine performance 462
Tires, Compaction patterns of smooth rubber 677
Tires, Low section height — Preferred as oversize tires for general purpose farm tractors 665
Tobacco harvest, Mechanizing flue-cured 407
TRACTORS, Farm (See also Machinery)
New experimental techniques accelerate farm equipment design development 321
Longitudinal stability of tractors 328
Low section height tires — Preferred as oversize tires for general purpose farm tractors 665
Evaluating tractor seating comfort 673
**Tribus, Myron**
Linear programming—a tool in engineering 416
Turkeys, Cooling and freezing pan-ready 33

## V

V-belt drive design improved 478
V-belt development, Agricultural 805
**Van Doren, Carl A.**
A method of forecasting soil loss 335
**Van Gerpen, Harlan W.**
Evaluating tractor seating comfort 673

## W

Water for livestock, Heating drinking 411
WATER RESOURCES
Standard versus small-orifice raingages 108
Direction control in deep-well drilling 548
Watersheds, A runoff sampler for large 813
**Waugh, Dale L.**
Agricultural V-belt development 805
**Weaver, Homer A.**
Simplified procedure for sampling soil moisture 676
Weed control in the row 550
Well drilling, Direction control in deep 548
Wet-bulb apparatus, Continuous-recording 488
**Wilson, Robert W.**
Mechanizing flue-cured tobacco harvest 407
Wind erosion control, Implements for 751
**Winter, Frederick C.**
An approach to efficiency studies 482
**Woodruff, N. P.**
Implements for wind erosion control 751
**Womochel, H. L.**
Wear tests of plowshare materials 816

## Y

**Yung, F. D.**
Heating drinking water for livestock 411

# Index to TECHNICAL PAPER ABSTRACTS

56-1 A concrete block house using liquid adhesives—Sharp, M. A. 489

56-2 Developments in the measurement of milk in bulk tanks—Gillette, A. K. and Hall, C. W. 489

56-3 Routing through tide gates—Doubt, Paul D. and Oman, G. E. 489

56-4 Plastic films in farm construction—Staff, C. E. 489

56-5 Dollars and cents in farm electrification—Oliver, J. H. 489

56-6 Post-war agricultural engineering—Levin, J. H. and Hall, C. W. 489

56-7 Development of a sugarcane harvester for Louisiana—Ramp, R. M. 489

56-8 The hood inlet for closed conduit spillways and highway culverts—Blaisdell, F. W. and Donnelly, C. A. 489

56-9 Research findings on jet blast erosion along airfield runways—Nevins, R. G. and Anderson, K. L. 555

56-10 Special vegetation for earth covered structures in the semi-arid areas—Doll, E. H. 555

56-11 Electrostatic seed separation—Booster, D. E. 555

56-12 A balanced forage crop program—Blaser, R. E. 556

56-13 The effect of controlled temperature on the quality of chicken eggs—Brunson, C. C., Pope, C. W., and Watts, A. B. 555

56-14 Electricity versus bottled gas for commercial broiler production—Ginn, O. W. 556

56-15 Developing water rights legislation in Georgia—Chapman, C. W. 555

56-16 A teaching program in agricultural processing—Isaacs, G. W. 556

56-17 Time and energy analysis of agricultural tasks—Splinter, W. E. and Suggs, C. W. 555

56-18 Water yield prediction based on watershed characteristics—Nixon, P. R. 556

56-19 Physiology of livestock in hot humid climates—Lee, Douglas H. K. 556

56-20 Erosion control on earth-covered magazines and barricades in arid and semi-arid areas—Dekker, H. E. 556

56-21 Teaching processing engineering—Henderson, S. M. 638

56-22 Instrumentation for evaluating seating comfort on tractors—Van Gerpen, H. W. 638

56-23 Existing state water legislation and that needed to develop small irrigation projects in the humid areas—Larson, F. H. 638

56-24 Developing and maintaining airfield runway shoulders—Skrdla, W. H. 638

56-25 Controlled temperature swine housing—A progress report—Kazarian, E. A. 638

56-26 Navy grounds maintenance—Tull, L. E. 685

56-27 Establishment of forage crops—Haynes, J. L. 685

56-28 Removal of silage from horizontal silos—Esmay, Merle L. 685

56-29 The place of irrigation in grassland farming—Raney, W. A. 685

56-30 Electric underheat brooder—Barr, H. T. and Hough, J. H. 685

56-31 Basic egg cooling and moisture loss studies—Henderson, S. M. 759

56-32 Farm structures research needs—Ashby, Wallace 686

56-33 Estimating irrigation requirements—Palmer, R. S. 759

56-34 Land forming and smoothing for efficient production—Edminster, T. W. 686

56-35 Introductory speech, special soil and water program for public lands and public works—Stelger, J. A. 759

56-36 The development of the mechanical cotton stripper—Smith, H. P. 825

56-37 Outleasing navy lands — Bassett, L. B. 759

56-38 Survey of machinery requirements for soil and water conservation—Edminster, T. W. 759

56-39 Rehabilitation of interior lands —Endersbee, W. J. 825

56-40 Highway erosion control developments—Brant, F. H. 825

56-42 Custom built rubber products for agriculture—Tate, J. R. 825

56-43 Mechanical potato harvesting and bulk handling in Maine — Bartlett, H. D. 825
